### Notes:

- (1) Any discrepancy in totals is due to rounding.
- (2) Data in the previous year and Semester 1 data of the current year are actual data; Semester 2 data of the current year are provisional.
- (3) Student enrolments data relate to the major programs and exclude concurrent minor programs.
- (4) While student enrolments are measured in terms of bodies, the student load is measured in terms of EFTSU (Equivalent Full-time Student Unit). A standard annual program is equivalent to 1 EFTSU.
- (5) The staff numbers are measured in terms of FTE (Full-time Equivalence). A full-time equivalence of 1.0 is the unit assigned to a member of staff working on a full-time basis for a full year.
- (6) Where non-award data cannot be shown separately, they are incorporated in the undergraduate figures.
- (7) r = revised
